CITY ITEMS.

THERE are all kinds of general stores in

and there are all kinds of shoe stores,
mostly bad and a few indifferent. There is,
however, one good shoe store we know of, one
that has been in business for over 25 years,
Crawford Store, that none of the fragile
shoe stores can stand up against for fine
service-giving, clean, neat, and sterling
value-giving. The public, however, is well
aware of the fact.

NEW THEORY FOR MURDERS.
Acting Chief Thinks Same Person
Killed Worthen and Moog.

Killing Chief of Detectives John Keely
now believes that John Moog, who was
murdered in his store at No. 104 South
Fourth street on Christmas Eve, and Orrin
Worthen, whose body was found in the
yard back of the store on Wednesday
only a few days later, were killed by the same
person.

"The more I think of the two cases, the
more strongly do I believe that one person
killed both men," said Keely. "Worthen
and Moog were both gamblers, and al-
though they have been unable to find that
they were acquainted or had any acquaint-
ance in common, such might be the case.
The wounds on the two men were
similar. Both of their throats were cut
and they were battered on the head with
either a hatchet or club. It seems impossi-
ble for me to get it out of my head that
both men were killed by the same person,
and we will work on that line henceforth."

MAY HOLD NIGHT SESSIONS IN ELECTION CONTEST CASE.

Republican Leaders Will Be Sum-
moned to Give Testimony Relat-
ive to Members' Apathy.

The taking of depositions in the Wagner-Butler congressional election contest in the Twelfth District was resumed yesterday in the Temple building before Notary Peter J. Nolan. Fifty-four witnesses were subpoenaed and twenty-two were examined. John R. Butler, brother of James J. Butler, looked after the latter's interests in connection with Attorney Harry M. Walsh, Henry W. Bond and A. M. Frumberg.

Butler's attorneys are complaining that the counsel for contestant are conducting the cross-examination of witnesses with a view to delay. To overcome this, they have agreed to succeed in introducing all the evidence the contestee desires it is announced that night sessions will be held, beginning to-night, to accommodate witnesses who work in the day and who cannot very well spare the time to attend in the daytime.

To show that the light vote cast for the Republican congressional candidates and the corresponding heavy vote for Butler was due in great measure to the apathy in the Republican ranks, the counsel for the contestant will subpoena Charles Nagel, Chairman of the party, and other leading Republicans to testify to the break in the party. In line with this policy, John A. Gomez, the lawyer, was interrogated yesterday. He was a Republican judge on election day, and testified that the election at his polling place was regular and orderly. He testified that under the conditions prevailing in the Republican party last November, on account of the split in the party, he was not surprised at the general result of the election. As one of the men in the councils of the party, he said, he expected the Democratic victory in the city, and especially in the Twelfth District.

The record of the ballot in the Twelfth Congressional District will begin to-morrow. It is intended to take the record of the election to a technicality in failing to notify the opposing side, it was delayed. The contestant has a list of sixty-four out of 118 precincts in the district, and the contestee will have the balance in all the remaining precincts re-counted.

The witnesses examined yesterday were: Charles Reardon, Peter James, Michael O'Hearn, August Diekmann, M. J. Sullivan, Anthony Han, George J. O'Connell, William Hahn, Jr., John W. Hendricks, John Rohan, Presley A. Crawford, E. J. Hardy, Frank J. O'Connell, Michael J. Kane and Patrimoine Reeves, Michael and Chismar.

It is probable that another set of depositions will be taken to-day in the same building. Justice of the Peace Carroll to expect the trial to be concluded within the limit allowed by law.

The court remained powerless to dispose of such a case, and it will have to remain on the docket until Clacker is able to appear in court or death relieves him.

WILL COPIED FROM NOTES IS OFFERED FOR PROBATE.

Woman He Married a Day Before His
Death Claims As John
Gibson's Estate.

Cincinnati, Jan. 12.—A peculiar contest began here in the Probate Court to-day when the widow of the late millionaire, John McCormick Gibson, of this city, who died at Asheville, N. C., a few months ago, presented for probate a copy of his will, made from stenographic notes alleged to have been prepared by Attorney Wells of Asheville.

The original will, it is asserted, has never been found in the home of Mr. Gibson. He bequeathed his entire estate to his widow, to whom he was married a few hours before his death.

His legal heirs, his mother and a brother, contest the probating of the will, and a fifth day to-day. To overcome this, the question whether a will of this description is valid.

Mrs. Gibson, the widow, was Miss Cecilia Wolf of Providence. She was called by a telegram to Asheville when Mr. Gibson was critically ill. She was married on her arrival. He died the next day. Mr. Gibson's will was one of the family of the Windsor Hotel in New York.

RELATIVES OF THE DEAD MAY SELECT BURIAL PLACE.

Judge Ferris Orders the Issuance of
a Permit to Remove Jacob
Steyermark's Body.

Circuit Judge Ferris, in making an order yesterday directing the managers of the Scheritz Israel Church Cemetery to permit the removal of the body of Jacob Steyermark, explained the legal rights of persons in disposing of the bodies of dead relatives. "It is true," said the Judge, "in a commercial sense there is no property in a corpse. It cannot be bought or sold, nor can it be used for any purpose at all, except as common law was the subject of law, although it was a misdemeanor to violate a grave. In the common sense of mankind, however, there is a sacred ownership in the living of the remains of those whom they have loved and lost. This right whom they have loved and lost. This right may be called, is recognized and protected by the law."

RELATIVES OF THE DEAD MAY SELECT BURIAL PLACE.

"In doing so the law simply follows the natural law of the human mind. In all matters connected with the place and manner of burial and the repose of the dead, the common sense of the community demands that the natural interest of surviving relatives, as well as those of living relatives."

"The law recognizes the natural right and the natural interest of surviving relatives, and recognizes as well the universal respect paid by living men to the remains of the dead. It also recognizes the fact that, aside from the relatives, no one has, ordinarily, any right to the disposition or custody of a corpse."

RELATIVES OF THE DEAD MAY SELECT BURIAL PLACE.

"The State may interfere and control burial and removal to protect the health of society. It may order graves to be disturbed and their contents moved to make way for improvements demanded by the growth of cities, but it may safely be asserted that, as a general rule, the relatives of the deceased have the right to the custody and control of a corpse."

Steyermark died in 1882. He was buried in the Scheritz Israel Church Cemetery, which is in St. Louis County, near the North and South roads. His wife, Salie Steyermark, the daughter of the place and manner of burial and the repose of the dead, the common sense of the community demands that the natural interest of surviving relatives, as well as those of living relatives."
